Uncle Sam Says

Does a $1,000 in savings seem as elusive as the rainbow's pot of gold to you? Then, think about these facts: By joining the Payroll Savings Plan where you work and allotting just $2.50 a week for United States Savings Bonds, you will accumulate $1,440.84 in 10 years. Millions of my nieces and nephews are learning from experience that they can own an even greater amount of Savings Bonds through this partial payment plan. In the event you are self-employed, automatic bond buying is available to you through the Bond-A-Month Plan at your bank.
